

BOARDING CHECKLIST

Please refer to this checklist to ensure you and your pet(s) are properly prepared for their stay!

Food

- Please provide individual prepackaged containers or Ziplock bags with your pet's name and pre-measured food. If your pet is coming to board with us for an extended stay (2+ weeks), you may bring their food in an air-tight container labeled with the pet's name and exactly how much food they are to be fed per meal.
- We feed twice daily. If your pet requires a third meal there is an additional charge. We limit midday meals to puppies under 6 months or dogs who have a documented medical need.
- You may bring treats that will be given during mealtime. Please refrain from bringing in rawhides, pig ears, bully sticks or anything that may pose a choking hazard.
- Please bring enough food for the duration of your pet's stay and a few extra meals just in case. If you run out, we will provide your pet with our high-quality house food for an additional fee.
- If the feeding regimen requires more than (2) ingredients or special handling (lots of mixing, raw food, lots of refrigerated ingredients, etc.), you may incur a food handling fee.

Toys/Bedding

- We supply raised beds that allow the pets to sleep off the ground. These beds are quick drying and promote fresh airflow.
- You may bring two (2) toys AND one (1) blanket. The toys and blanket must be labeled with your name and be **MACHINE WASHABLE**.

Vaccinations / Medications

- We must have updated vaccination records prior to check in. Dogs must have up to date Rabies, Distemper, and Bordetella vaccinations. Please review our specific vaccination policy by [clicking here](#).
- All dogs are required to be on flea and tick preventatives. We may perform an examination and provide treatment if fleas or ticks are found, and a fee will be added to your invoice.
- Please bring any medications your pet will need during their stay. All medications and supplements **MUST** be in their original packaging. Supplements are treated as medications and there is a charge to administer them.

Special Handling

- If your pet exhibits aggressive behavior, or any behavior that prohibits GoDog team members from performing their job, puts them in danger, or prohibits them from providing requested services, the services provided may be amended.
- If your pet presents challenging handling requirements, a special handling fee may be added to the invoice.
